

**Veoneer Health and Safety
Supplier/Contractor Acknowledgement Letter**

Veoneer Safety Training and Policies:

We (Supplier/Contractor Name:) hereby acknowledge we have accessed and reviewed the [Veoneer Contractor Safety Review](#) and the [General Contractor Safety Handout](#). We understand that all of the requirements spelled out in the Veoneer Safety Review and Health and Safety Policy are mandatory in our business relationship with Veoneer. We understand that the Veoneer Health and Safety requirements are in effect immediately and confirm our intention to comply accordingly.

We confirm that all present and future employees involved in our business with Veoneer will sign in and out in the visitor log for each visit, abide by the General Contractor Safety Handout and review the [Site Safety and Security Rules](#) training material as required. We understand that all employees from the above listed supplier that perform work at Veoneer are required to complete the annual training and review the General Contractor Safety Handout.

Supporting Documents for Entry into Veoneer as a Contractor:

Mandatory:

- An up-to-date WSIB Clearance Certificate (Must be dated within 60 days) or,
- A valid Insurance Certificate for out of province/country contractors.

If applicable:

- Certifications, licenses, etc. that are required as proof of training to perform work on site (i.e. working at heights, hot work, forklift license)
- All (Material) Safety Data Sheets for any chemicals/hazardous materials being brought into the plant. Prior approval is required before use.
